DNA TEST RESULTS

ISAG institutional member no. 129553

Owner/contact:

Mrs Kristy Jarvis
474 Lowlands Road
Mardella
AUSTRALIA

Report date: 15 May 2026

Horse details

Name: GvK Daily Star WE
Stud book ID: DE435350089720
Microchip: 276020000711417
Sire: Dallmayr K
Sire registration: DE434340263215
Dam: Dreiklang K
Dam registration: DE435350012714
Date of birth: 2 April 2020
Sex: Male
Owner's description: Chestnut

Analysis details

Sample received: 11 May 2026
Analysis started: 14 May 2026
Analysis complete: 15 May 2026
Laboratory sample ID: PHG26055357

Pedigree

A DNA profile has not been requested.

Appearance and health

Test	Genotype	Comments
* Lateral gait marker	C C	Negative for lateral gait marker

* These tests are marker tests. We classify a test as being a marker when it does not cause that trait, but is statistically associated with it. This means that in a minority of cases an animal can test negative but still have the trait, or conversely test positive but still lack the trait. Some tests are classified as markers because environmental triggers are required to make the trait apparent.
