21/11/2012 <u>AUSTRALIAN CONTINENTAL EQUESTRIAN GROUP RESULTS LISTING</u> P1:2

The sample/request submitted to the AEGRC (received 6/10/2011 8:28:52 AM) as:

\*Name: DON PHILINO (ACE)

(Rego:80013839)(Ref:985121003881707)

AEGRC DNA number: 283971

Test Performed: DNA PROFILED ONLY Invoice: TYPE

Result:neither parent has been DNA profiled:therefore parentage analysis NOT performed.

Sire: DRESSMAN I (ACE) (No DNA profile)
Dam: ST PR PHILINE (ACE) (No DNA profile)

If the sire and/or dam has No DNA profile then it has NOT been included in the analysis result of this foal

Parentage/paternity/maternity analysis result based on a panel of 12 DNA markers, except where the sire and/or dam DNA profile was not produced by the AEGRC (indicated by a 6 digit D number beginning with 9), then the result may be based on a panel of 8 or 9 DNA markers.

AEGRC results are produced under an (ISO9001) approved quality management system.
