AUSTRALIAN CONTINENTAL EQUESTRIAN GROUP RESULTS LISTING

P2:2

The sample/request submitted to the AEGRC (received 13/03/2012 9:58:50 AM) as:

**\*Name:** TRUSSARDI (ACE)  
(Rego:DE 441410880607)(Ref:985170000107080)

AEGRC DNA number: **289423**

Test Performed: DNA PROFILED ONLY Invoice: TYPE

Result: **neither parent has been DNA profiled**:therefore parentage analysis NOT performed.

Sire: TIMBERLAND (ACE) **(No DNA profile)**

Dam: DISCO LADY (ACE) **(No DNA profile)**

If the sire and/or dam has **No DNA profile** then it has **NOT** been included in the analysis result of this foal

---

Parentage/paternity/maternity analysis result based on a panel of 12 DNA markers, except where the sire and/or dam DNA profile was not produced by the AEGRC (indicated by a 6 digit D number beginning with 9), then the result may be based on a panel of 8 or 9 DNA markers.  
AEGRC results are produced under an (ISO9001) approved quality management system.

Version:24/02/11
