

More success for Dynamik Stallions

with two Westfalen Champions

Golden Rock and Trussardi competed at Westfalen Week in Muenster Handorf on the 29th and 30th of July 2011 and once again exceeded all expectations.

The Bundeschampionate qualifiers were held on Friday for Westfalen ponies. This is a very strong field as the regional competition of Westphalia encompasses the central horse hub of Germany and includes areas such as Muenster and Warendorf.

Golden Rock (Hesseltich's Golden Dream/Bavarottie) performed like a true star. He was the winner of his qualifier on a score of 8.33 in the three year old stallion class. He is now a starter for Bundeschampionate 2011.

Golden Rock's sire Hesseltich's Golden Dream has had great success this year with his progeny. His daughter Golden Daydream (HET Golden Dream/Golden Highlight) was the winner of the 3 year old Westfalen Bundeschampionate qualification in the mare and geldings class with a final score of 8.0. Golden Touch (HET Golden Dream/Halifax-Dressman) competed at the Weser Ems qualifier and gained himself a 4th place on a final score of 8.17 in the mares and gelding dressage class so gained himself a nomination to the Bundeschampionate 2011.

In Saturday's competition for the Westfalen Champion, Golden Rock shone again winning the Westfalen Championship of all three year old ponies. This is a huge title to be gained for our young pony stallion. Our picture perfect palomino stallion gained a very impressive final score of 8.71.

Trussardi (Timberland/Dschingis Khan) showed his reliable top class form in Friday's competition where he was the winner of his Westfalen Bundeschampionate qualifier scoring an impressive overall score of 8.58.

More success for Trussardi's popular dressage pony sire Timberland with his daughter also qualifying for Bundeschampionate. Tiffany (Timberland/Golden Dancer) gained a total score of 8.0 and a sixth place in the 4 year old mare and geldings class. Tiffany was the bronze medalist of the 3 year old mares and geldings in 2010.

In Saturday's competition Trussardi dominated the entire 4 year old field of ponies gaining himself a score of 8.55 and he is now also the Westfalen Champion of 2011.

Trussardi's amazing partnership will continue with his rider Danica Duen who had success with him at the 2010 Bundeschampionate gaining a Bronze Medal. We appreciate Danica Duen's professional presentation of our stallions once again. We wish her the best of Luck for the 2011 Bundeschampionate where she has now qualified both Golden Rock and Trussardi in top class form. Overall there are potentially thousands of ponies in Germany vying to gain a nomination to compete at the Bundeschampionate which is a prestigious National Event for Young Horses and Ponies. We feel privileged that our horses have been nominated. Dynamik Stallions hopes that our boys can make Australia proud.
